

Figure 15 is referred to on the bottom of Page 26 and is one of the informal drawings.

In the **Description** section:

Page 23. In the paragraph at the top of Page 23 strike reference numerals “ ,101,” and “ , 102”.

In the **Operations** section:

Page 24 and 25. In the paragraph at the bottom of Page 24 and the top of Page 25, replace the sentences shown in strike through style:

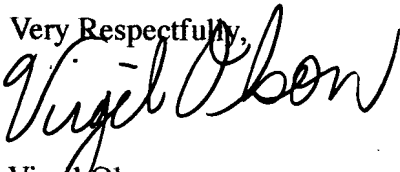

~~The velocity profiles of the volumes of air surrounding the forced vortices is represented graphically in Figure 18 by the radial gradients in the areas surrounding the images of 301 and 302. The darkest areas represent the highest velocity air while the lightest areas represent the slowest velocity air.~~

with the sentence below shown in underline style,

The velocity profiles of the volumes of air surrounding the forced vortices are shown in Figures 18, 19 and 20.

Based on the conversation that the Applicant had with Primary Examiner Barefoot on February 12, 1999, the Applicant is optimistic that the proposed amendments of the Specification will meet with his approval. Included with this letter is a “red lined” copy of the specification pages that the Applicant proposes to amend.

Very Respectfully,

Virgil Olson
